---

Hi Jeanette,

I am still waiting on the product chemistry review to be finished for 70506-ANO (Shenzi WG Insecticide). I would like to request a minimum 60 day renegotiation of the PRIA for 70506-ANO, Decision Number 578426 from 5/2/22 to 7/5/22.

I expect to have the review back in the next few weeks and to complete this action before the 60 day timeframe, but want to give us enough leeway in case things take a little longer.

In your response to this email, please include the EPA File Symbol, Decision # and agreed upon revised PRIA date. Failure to renegotiation before 5/2/2022 will cause the application to have a due date which has passed for Agency completion under PRIA, and any resolution of application deficiencies will proceed without a future PRIA due date.

Thanks,

**Jasmin Jackson, MPH**
